REPORT FROM ISAAC NEWTON HUMANIST CLUB.

“WORKING FOR HUMANITY”

Isaac Newton Humanist Club is a humanist association that was created in the school to help equip the students and the community with humanist values and principles.

We are now promoting the ten commitments of living humanist values. Which are; Empathy, Responsibility, Global Awareness, Environmentalism, Humility, Altruism, Service & Participation, Peace & Social Justice, Ethical Development and Critical Thinking.

These values Humanist Values about also help to develop a humanist Ethos in Uganda schools. And in one of our club projects, there is making of compound taking tags which shall be holding these values with their explanations for example “Global Awareness” with the say “*I will be a good neighbour to the people who share the earth with me and help make the world a better place for everyone*”.

Below is a list of our planned activities and the registered members of our club. We currently have 64 boys and 56 girls making a total of 120 humanists. We are still registering more humanists.

Many of these are lacking the humanist club T-shirts and so we would appreciate any financial support towards buying T-shirts to help us look smart while doing our planned humanitarian activities.

Mumbere Rafert, Club President
